Islamic Emirate of Afghanistan

Ministry of Economy

General Directorate of Non-Governmental Organizations

Letter No: 52/51

Date: February 23, 2023 (1401/12/04)

To: Provincial Departments of Economy (Farah Province)!

As you are well aware, projects carried out within the provinces necessitate the approval of the relevant sector administration upon their completion. This is due to the Department of Economy's responsibility to coordinate and supervise non-governmental organizations at the provincial level, thereby requiring these organizations to obtain confirmation letters from the appropriate authority.

It is crucial for the heads of provincial departments of the economy to emphasize during meetings that the Ministry of Economy holds accountability for overseeing all subsequent activities undertaken by these organizations:

1. Monitoring and review after the implementation of the project and analysis and evaluation before the implementation of the projects and inspection of domestic and foreign institutions,
2. Obtaining the work permit for the organization,
3. Registration of movable and immovable properties of all organizations in this ministry,
4. Materials that can be exempted,
5. Obtaining visas for the employment of foreign employees to monitor projects of all organizations is the duty of the Ministry of Economy,
6. Most importantly, if the approval of the Provincial Department of Economy is not obtained at the end of the project, the report of the project is not acceptable, and the sectorial administrations are not responsible for such organizations. Of course, they are only responsible for the projects introduced by the Ministry of Economy and have to be reporting and accountable to provincial directorates of the economy.

Regards,

Maulavi Mohammad Alem "Jamil"

Deputy Minister of Economy for Financial, Administrative, and Coordination Affairs
